

Global Limits and Credits Policy

AI Economic Research Access

This document outlines the usage limits and credit system for accessing AI-powered economic research tools.

1. Credit System

- **Monthly Allowance:** Users are granted **110 credits** per month for free.
- **Top-up Options:** If you exhaust your monthly credits, you can purchase additional credits for approximately **\$1 USD**.
- **Renewal:** The free 110 credits are automatically renewed every month.

2. Usage Limits (Global Limits)

To maintain fair access to economic data, the following activity requirements apply:

- **Activity Requirement:** Users must maintain at least **90 minutes** of active device time on the platform every two days.
- **Quota Allocation:** If your device remains active for more than 90 minutes, you will be eligible for a data quota approximately every **4 days**.

3. Compliance and Agreement

By using the platform, you agree to adhere to these global limits and credit policies.

Authorized Signature:

The logo consists of the word "Global" written in a large, flowing, black cursive script font. A thin black horizontal line extends from the right side of the "l" in "Global" towards the right, ending with a small flourish. Below this line, the letters "LLC" are printed in a smaller, black, sans-serif font.
